Scoring of the competition

The marks for the dressage phase are calculated in the usual manner.
Showjumping faults will be scored in the following way.

Knock Down (4 Faults)
First Refusal (4 Faults)
Second Refusal (8 Faults)
Third Refusal (Elimination)

Any faults that are incurred during the show jumping phase will be deducted from the marks awarded in the dressage.

The winner is the combination with the highest score. If any combinations finish on the same final score, then the combination with the highest dressage score will determine the winner. If they are still equal after this, then it will be decided by the combination with the fastest showjumping time.
